PRACTICE SCHEDULE

Guidelines

PRACTICE SLOT OWNERSHIP – Practice reservations are on a first-come first-serve basis. If a team has reserved a time slot, that practice time and field belongs to that team for the duration of the season. A team may only reserve one practice slot. If a team wishes to change their practice slot, they must vacate the slot they currently have reserved when a new slot is approved at either location (Dornwood/Billard).

GAMES VS PRACTICE – Games always take priority over practice. If a game has been scheduled during a team's reserved practice slot, the game will take priority and the practice team must vacate the field in question.

RESERVING A PRACTICE SLOT – Email the league scheduler (hpba@topekabaseball.com) with one or several practice slot requests, ranking the requests from most preferred to least preferred. No reservations are made until the scheduler confirms a team's request in writing or the posted schedule reflects the request.

VACANT PRACTICE SLOTS – If a slot has not been reserved, any team can use that practice slot. Vacant slots are to be used on a first-come first-serve basis. If a slot has been reserved and the team does not arrive at the designated time, any other team can use that practice slot. If the team who reserved the field arrives at any time during their reserved practice slot, the team with the reservation has priority to the slot. The team without the reservation must vacate the field and yield access to the team with the reservation.

END PRACTICE ON TIME – Teams must vacate the field when the next practice slot begins. A team, who goes over their allotted practice slot time, will receive one warning. A second incident of abuse will result in the team losing the practice slot for one week. Additional incidents of abuse can result in a team losing their reserved practice slot.

NON-HPBA TEAMS – Non-HPBA Teams can reserve practice slots. But, HPBA teams have priority use of HPBA fields – so a non-HPBA team's reservation will be removed if a HPBA team requests that practice slot. If a non-HPBA team has a field reserved, a HPBA team cannot "bump" the non-HPBA team without going through the appropriate reservation request process.

BE COURTEOUS – Remember that only through cooperation can all of our teams receive the adequate field access that we all need to improve. Coaches, managers and parents should ALWAYS do what they can to work together if there is any question regarding practice slot ownership. There is always a solution that will benefit both teams – we must work together to find it. It is not about who is right or who is wrong – our goal is to make our children better ball players and better people.
